Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever one before so universally adapted to their use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cures them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its compound. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel nor any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh, and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood, stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring them to regular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia or Indigestion**, **Listlessness, Languor and Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice or Green sickness, Bilious Colic and Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery or Diarrhœa**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change these complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a powerful purge.

For **Suppression** a large dose should be taken, as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

As occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

HOOFLAND'S GERMAN BITTERS.

AND

Hoofland's German Tonic.

THE GREAT REMEDIES

FOR ALL DISEASES OF

THE LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medically termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixture or any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters, with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcohol admixture, will use

Hoofland's German Bitters.

Those who have no objection to the combination of the Bitters, as stated, will use

Hoofland's German Tonic.

They are both equally good, and contain the same medical virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, &c., is liable to be deranged, the functions deranged. The Liver, sympathizing as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

CONSTIPATION, FLATULENCE, INWARD PILES, FULLNESS OF BLOOD TO THE HEAD, ACIDITY OF THE STOMACH, NAUSEA, HEARTBURN, DISGUST FOR FOOD, FULLNESS OR WEIGHT IN THE STOMACH, SOUR ERUCTATIONS, SINKING OR FLUTTERING AT THE PIT OF THE STOMACH, SWIMMING OF THE HEAD, HURRIED OR DIFFICULT BREATHING, FLUTTERING AT THE HEART, CHOKING OR SUFFOCATING SENSATIONS WHEN IN A LYING POSITION, DIMNESS OF VISION, DOTS OR WEBS BEFORE THE SIGHT, DULL PAIN IN THE HEAD, DEFICIENCY OF PERSPIRATION, YELLOWNESS OF THE SKIN AND EYES, PAIN IN THE SIDE, BACK, CHEST, LIMBS, ETC., SUDDEN FLUSHES OF HEAT, BURNING IN THE FLESH, CONSTANT IMAGININGS OF EVIL AND GREAT DEPRESSION OF SPIRITS.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his cure, purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS

AND

HOOFLAND'S GERMAN TONIC.

PREPARED BY *DR. C. M. JACKSON,* PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Diseases of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause whatever, PROSTRATION OF THE SYSTEM, Induced by Severe Labor, Hardships, Exposures, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will instil new life into the veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health, or, to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK & DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietors, but space will allow of the publication of but few. These, it will be observed, are men of the highest and of such standing that they must be believed.

TESTIMONIALS.

Hon. Geo. W. Woodward,

Chief Justice of the Supreme Court of Pa., writes:

Philadelphia, March 16, 1867.

"I find 'Hoofland's German Bitters' is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours truly,

GEO. W. WOODWARD."

Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania.

Philadelphia, April 29, 1866.

"I consider 'Hoofland's German Bitters' a *valuable medicine* in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours truly,

JAMES THOMPSON."

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate province, have in all cases declined; but with a clear proof in various instances and quite lately in my own family, of the usefulness of Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,

J. H. KENNARD,
Eighth, below Coates St.

From Rev. E. D. Fendall,

Assistant Editor Christian Chronicle, Philada.

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from diseases arising from derangement of the liver. Yours truly,

E. D. FENDALL.

FRIDAY, DEC. 25, 1868.

NGRESS adjourned on Monday—to semble on the 5th prox.

is claimed that the Democratic idate for Congress in the First nsas district is elected by 3,000 rity, notwithstanding the rejec- of the vote of five counties.

LOGIES were pronounced on Thad- Stevens in Congress on Thursday Friday last. *Thirty thousand* co- of the speeches were ordered to be ted. That's the way the money

LE Radical currency—rags—bears same relation to the Democratic ency—gold—that Radicalism does emocracy. The one is a dirty lie a fraud, whilst the other is a valu- truth and a blessing.

EFORE the election :— is have Peace.—*U. S. Grant.*

ter the election :— ops are still needed in the South- States.—*U. S. Grant.*

OV. GEARY made more fuss about abuses of the pardoning power any other Governor we know of, has reprieved more murderers and ndrels for the time he has been in e than any of his predecessors.

HERE was actually drawn from the ted States Treasury to pay for the hase of Alaska, $7,200,000; but $5,- 000 was sent to the Czar. What ne of the balance? This is a very rasking conundrum.

HE Radicals are inaugurating re- chment and reform by advocating advancement of Grant's salary as sident to one hundred thousand dol- *per annum*. Better men would e filled the office for twenty-five sand.

HERE is now only two and a half 's stagging between New York and Francisco. That gap will soon be d by the rail-layers of the *Union* ific Railroad. Well may the Euro- n press denominate this undertak- the marvel of the age.

HE Radicals are particularly severe n that portion of the President's ssage in which he urges upon Con- ss the necessity of strict economy he public expenditures. Each one siders the President's remarks as sonal. It does squint in that direc- .

HE Harrisburg *State Guard* men- s that "the Legislature will be ask- to change the time of what called the spring elections, cn municipal officers are elected, to fall of the year, so that all our elec- s may take place as nearly as pos- e at the same period."

BILL will be presented to Con- ss, in a short time, limiting the use he franking privilege by members Congress to the time of actual ses- n. It will also prevent the use of stamping machine. Mr. Randall, mocrat, moved in this matter a year , but the Radicals would not listen his proposition. Some reform uld be perfected. The present se of the franking privilege is scan- lous.

HE end of the Freedmen's Bureau not yet. The carpet-baggers and lywags from Virginia, Mississippi Texas are present at Washington in ong force to protest against its abol- ment; and their entreaties it is said l prevail. They have nice pickings out the concern which they do not nt to give up, and it is almost cer- n that the people of the North must ntinue to be taxed to run the con- n awhile longer.

LREADY three bills have been in- duced in Congress for the amend- nt, or rather the abolition, of the turalization laws. Thus is clearly nced the purpose of the Radical sters to shut out immigrants from eign lands from the privileges of erican citizenship. It is the avow- purpose of these scheming Radicals re-introduce into politics the old ex- sive ideas of Know-nothingism, and that end Congress is to be made the ncipal instrument.

T is asserted in the Philadelphia *ening Herald* that before the late ction, Caleb N. Taylor, the defeated dical candidate in the Fifth Con- ssional district, threatened one of tenants, a resident of Bensalem nship, Bucks county, that if he not vote for him (Taylor) he would ct him (the tenant) from his house. e tenant voted the Democratic tick- and Mr. Taylor, true to his prom- , ejected the recalcitrant. The Court Quarter Sessions last week held ylor to bail to answer at February m a charge of forcible entry grow- g out of the above matter.

SOUTHERN SENTIMENT—Chief Jus- e Chase, who has just returned from chmond, speaks in the warmest ms of the Southern people He de- res that the whites are loyal and xious for peace, and that, if permit- d to do so, they would very soon re- ver from the results of the rebellion. e regards many of the acts of the dicals as unwise, and calculated to oduce difficulties. Such is the testi- ony of all honest and sagacious men ho visit the South. The stories with hich Radical newspapers are filled e for their basis the exaggerations of terested carpet-baggers and scaly- gs, who are seeking offices as a means subsistence.

THE Radicals are likely to be put in awkward position by the extraor- nary legislation they adopted for the rpose of curtailing the constitutional thority of President Johnson. It ould be a most ungracious act for em to fetter Grant with all the ab- rd and improper restrictions they ve, *from time to time, imposed upon* e present incumbent by improper ongressional action. Yet, how to ke the back track, how to make the ange, a serious question with em. Some of them do not trust rant, and others think they can se- re a larger share of public plunder r themselves and friends under the esent arrangement. They are in se- us trouble, from which they are t likely to extricate themselves ithout much difficulty, and an ex- sure of their base selfishness and eat dishonesty.

A VOTER sold himself in Albany for *twenty dollar greenback*. The next y he discovered that the bill was a unterfeit. Good for him.

NEGRO SUFFRAGE.

A few days since the *Examiner*, the leading Republican newspaper of Lancaster county, had a short editorial article favoring the adoption of an amendment to the Constitution, enforcing Negro Suffrage upon all the States. Since then it seems to have thought better of the matter, and it is now doubtful about the propriety of such a movement. It argues, with considerable force, that such an amendment would clash with the one lately declared to be adopted, by which the question is left to the decision of the States, with the provision that any State which declines to confer the right of suffrage upon the negroes within its limits, shall be restricted in Congressional representation to that extent. It shows a disposition to permit the people to express their views on this question of negro suffrage, and intimates that it will be time enough to attempt further constitutional *amendments when "the Union is fully* restored."

We are glad, remarks the *Intelligencer*, to notice this appearance of rationality in our neighbor. We imagine it sees clearly that any attempt to force negro suffrage upon the people in the way proposed, would result in the destruction of the Republican party in Pennsylvania. It has sufficient sagacity to perceive that a storm of indignation would be raised should the present Legislature attempt to ratify an amendment enforcing negro suffrage. It knows that the people of this State are opposed to any such movement, and that they would insist upon the right to be consulted about the matter. We not believe a majority of the present Legislature could be induced to do such a thing. If they did, we are confident that the Democracy would sweep the State next fall by an overwhelming majority, electing a Governor, and securing both branches of the Legislature. We imagine the *Examiner* sees these things, as clearly as we do, and that accounts for its change of position. It is not blind to the fact that a very slight change would have given this State to the Democracy last October, and it knows that our party is as strong to-day as it was then. It is not strange that sagacious Radical politicians in Pennsylvania should be ready to cry "halt." They know how very slender is the thread by which they hold their ascendency in this State, and are not disposed to commit political suicide. We commend the sagacity of the *Examiner*.

THOSE "FRAUDS."

The Radicals of New York, because they lost the State, charge all manner of frauds upon the Democrats. To show how hollow are these allegations, we copy the following from the *World*:

Once again we call the attention of the public to the fact that these alleged frauds could not possibly have been committed here without the direct complicity of the two Republican Police Commissioners, Acton and Manierre, and Superintendent Kennedy, nor without their party treason, for they appointed half the election officers in every district, inspectors, canvassers, etc. For here in this metropolis alone is the right of the people denied them of choosing their own election officers,—denied them by Republican legislatures at Albany. Nor could these frauds have been committed without the party treason and the organized complicity of all those shrewd, active Republicans selected by Acton, Manierre, and Kennedy for their party fidelity, and allotted to every election district as registrars, inspectors, and canvassers.

Does anybody believe there was such wholesale party treason on foot last third of November, up and down the rank of the officers and high privates of Radicalism in the city of New York?

The charges of the Union League Club committee impeach not only the very laws—unequal, partisan, and onerous—imposed upon us by their Republican Legislature, but they impeach the very working politicians of their own party, who divided half and half with the Democrats the control of every polling-place from King's Bridge to the Battery.

And so we say to this committe, as we have said to the *Tribune*; to Mr. Grinnell, who thirty years ago invented the "pipe-laying" which gave a new corruption to our politics and a new term to our political vocabulary; to Mr. Dodge, who defiled a sanctuary and a Sabbath with his Geogeghan plot to defraud the voters of his district out of their elected representative: to Mr. John Jay, who thinks the grandson of a Chief Justice fit associate for a red-handed murderer; to Mr. Greeley, who has helped usurp suffrage from the control of the Southern States in order to prostitute and barbarize it; to Marshall O. Roberts, whose ill-gotten wealth is his dishonor in the eyes of every patriot;—to these men, and all of them, we say, You do not believe the words you utter; these charges which you make, you know cannot but be false; but if you do believe them, candor lends no wings to your words, for you come not clean-handed to this impeachment of your opponents and fellow-citizens.

PAINT township, in Somerset county, was awarded a banner by John Cessna. This is the only township in this district where negroes were voted, and of course they all cast their ballots for the Radical Congressman. One good turn deserves another.—*Bedford Gazette.*

WHEN Lee evacuated Richmond, in 1865, the City Council ordered the destruction of all liquor within the city limits. Under this order about 3,000 barrels of whiskey were destroyed.—The city having been sued for damages by some of the owners, the Richmond Circuit Court, on Saturday, gave judgment against the city for $15,000. The other owners will doubtless now recover in like manner.

CONGRESS refused to print the Annual Message of the President of the United States—but ordered thirty thousand copies of the speeches on the death of Thaddeus Stevens. Of such is Radicalism.

A CHECK for $9,076 was stolen from P. S. Knowles, at a drove yard in Chicago, last Saturday. Discovering his loss, Knowles hurried to the Third National Bank, on which the check was drawn, but the thief had got there before him, and escaped with the money.

THE Confederate privateers did a large business. The Alabama captured 28 ships, 22 barques, 5 brigs, six schooners, the steamer Ariel and the United States gunboat Hatteras. The Shenandoah captured 38 vessels, mostly ships and barques. The Florida 26, and the Sumpter 27.

THE UNION PACIFIC RAILROAD.

It will be seen by the new advertisement of the Company in another column, that 960 miles of the Union Pacific Railroad have been completed and put into active operation. For 120 miles more the track is graded, and the iron on the ground ready for laying. More than four hundred miles have been built in the season of 1868, and with less than 400 miles now intervening between the rails of the Union Pacific and the Central Pacific Companies, every indication guarantees the opening of the entire line to the Pacific in the early summer of 1869. The earnings for the year ending June 30, were more than four million dollars, on an average of 472 miles in operation; and the earnings for the last five months were $2,386,870. These amounts *are so largely in excess of the* liabilities of the Company on account of interest upon its own First Mortgage Bonds and the Government bonds loaned to it as a subsidy, as to allow of no doubt that all such liabilities will be promptly met when due. The road is well equipped, and large orders have been given for such an increase of rolling stock as will be necessary when to the local trade is added the immense through traffic which must follow the opening of the entire line.

Each section of twenty miles has been critically examined by the regular Government inspectors appointed for the purpose, and reported to the President as possessing all the characteristics of a first class road. A special commission, appointed by the President in September last, made thorough re-examination of 890 miles and summed up their conclusions by saying:

"Taken as a whole, the Union Pacific Railroad has been well constructed. The general route for the line has been well selected, crossing the Rocky mountains at some of the most favorable passes on the continent. The energy and perseverence with which the work has been urged forward, and the rapidity with which it has been executed, are without parallel in history. The country has reason to congratulate itself that this great work of national importance is so rapidly approaching completion, under such favorable auspices."

The evidence of many other able and critical examiners of the road coincides with this testimony to the faithfulness with which the road has been constructed. The First Mortgage Bonds of the Company are now offered for sale at par and accrued interest, at which price they pay a high rate of interest. Both principal and interest being fully secured by the value of the road and the extent of its business, it would seem that no better investment can be offered; and we cheerfully call attention to the facts set forth in the advertisement of the Treasurer of the Company.

ANOTHER FRAUD.

So it seems that the negro now in the purlieus of Congress, with hope of admission to the penetralia of the same, is not a representative of the down-treading millions of Africans now lifting up the heel on the Southern whites, but a carpet-bag black, "born free," on his own showing, "in the State of Illinois." What then does he, this free-born Illinois blackamoor, as a representative of the slave-born Louisiana blacks? Further, it seems he voted in Ohio for Mr. Lincoln in 1860, and as those so then voting were not, we know, over-much tempted to rush forthwith into Louisiana, it is but fair to suppose this gentleman, who carpet-bagged from Illinois to Ohio, hardly carpet-bagged *into Louisiana, until, by such transit,* the simple suffrage of the one paled before the chances of successful candidacy in the other. This bears date in 1867, and yet, in the name of ekal rights, the great heart of the nation, and so on, this Northern black pope up in 1868 as a representative of the late emancipated Southern slave, and is, by this little game, to legislate for that North, where, if he ever voted, it was by some trick, quirk, or device. What a game it is!

Knowing perfectly well, these Radical leaders, that the genuine Southern negro is, beyond all description, ignorant, uncouth, and incompetent, it was part of the reconstruction plan to hunt up exceptionally presentable negroes throughout the North and send them South, where, by collusion with *the Federal officials, who manufactured* majorities to suit, they were installed in the various reconstruction conventions and legislatures, and then held up as fair specimens of the average negro of the South. Thus, in South Carolina, the fellow who was Chairman of the Grant and Colfax State Executive Committee, delegate to Convention, and one of the so-called State Senators, was a Massachusetts mulatto. Holding up this fraud's hands were a negro barber from this city of New York and a dusky parson of Philadelphia. In Georgia, also, "a representative Southern negro" was a fluent half-breed, once of the Boston bar, and afterward a Sing Sing convict, with a tawny divine from New Jersey as the inevitable seconder of this emissary's legislative course. So, in Florida, Alabama, and Mississippi, were and are Northern negroes who, by collusion, as stated, were juggled into the several conventions, and now, by underhand support of the Radical leaders, do the piteous, the imploratory, and the representative for the "poor down-trodden freedmen of the South."

So far from carpet-bagism terminating with white vagabonds, its most virulent form—one, perhaps, that but for the *World* would have escaped detection—is in the employment of negroes from the loyal States. As Zion missionaries, as colporteurs, as secret-service agents, they have been dotted about in the South to organize, incite, and favorably represent that population with which they have almost nothing in common but egregious vanity and a dusky skin.—*N. Y. World*

MURDER IN PHILADELPHIA.—Forney's *Press* says: Thirteen prisoners were in the dock yesterday in this city charged with the crime of homicide, seven of whom were boys under the age of nineteen years. Is it not time that insurance companies should make residents in Philadelphia an extra risk?

Query: Have they a Ku Klux Klan in Philadelphia? What Southern city has ever shown such an array of murderers at one time.

ADVERTISING.—The benefit of advertising is much undervalued by many persons; but they who have experienced its advantages prize it above measure, and will never neglect to avail themselves of its advantages. The man who does not advertise, virtually says to the public "that he does not care whether he sells his goods or not." Purchasers should remember this fact.

LET your expenses be such as to leave a balance in your pocket. Ready money is a friend in need.

REPORT ON THE CATTLE DISEASE.

The Commissioners appointed by Gov. Geary, of Pennsylvania, to attend the Cattle Convention at Springfield, *Illinois, have made their report,* inclosing the recommendations of that Convention and concluding with the following words:

That Texan cattle are not probably affected by the disease in that State. The Cherokee cattle are not found to communicate the disease to common stock as readily as Texas cattle. A similar disease does affect horses in Texas and not in the Indian country. Texas cattle brought North, either by water, or rail, or driven on foot, may communicate the disease to native cattle, but humane treatment while on the way will decrease the danger. Texas cattle do have the dis*ease and die from it in the North, but* much more rarely than our own native cattle. Old native cattle are much more susceptible than young ones. Comparatively few suckling calves die from it. The disease, from whatever cause, has not been communicated to the native cattle of Missouri, Illinois, Indiana, or Kentucky.

There is scarcely a doubt that a severe frost removes most of the danger, and that after the Texas cattle have been wintered in the Northern States they will not communicate the disease to one another.

In some cases noted in Illinois horses appear to have died of the disease. The great marts of this trade are at Abilene, in Kansas, and about the mouth of the Red river, at which points the herds tarry From twenty-*five to one hundred thousand head are* at all times kept, showing how immensely important it is to watch that this vast aggregation of herded cattle is in a good sanitary condition, as well as that of the horses, mules, and hogs herded at the same or other places in the West and Southwest, from which the East and many foreign States derive most of their flesh and living animal supplies.

More Outrages by the Loyal Militia in Arkansas.

MEMPHIS, Dec. 20.—A special dispatch from Little Rock to the Memphis Avalanche states that four companies of militia, commanded by Colonel Gray Williams, from Roane and Williams counties, the latter colored, entered Lewisburg, shooting in every direction, marched to the store of Bream & Casey, and set fire to it, after having poured coal oil on the floor. Howard & Cole's store was also burned. During the fire Mr. Casey was shot down, and his body thrown into the flames, after rifling his pockets. The town is still occupied by the militia, who go shooting and shouting through the streets. No one is allowed to leave without a pass. All is quiet at Augusta. It is said that prominent citizens prevented an attack on the militia, fearing misrepresentation abroad. The people desire the interference of United States troops in their behalf.

JEFFERSON DAVIS AND OTHERS.—A petition is in circulation for the pardon of Jeff. Davis, and all others under presentment or indictment for having been engaged in the rebellion. Thus far, we believe, it has only been signed by Democratic members of Congress; but there are a great many others who would be very glad to see an end put to this dismal farce of trying to impose on the public by pretending to wish to try Davis or anybody *else in this matter. It is time the cur*tain has fallen.—*N. Y. Times, Republican.*

AFTER "BRICK."—Alf. S. Kierolf, of the Bellefonte *Watchman*, announces that he has in press and will issue about the first of January, a volume entitled, "Brick Pomeroy Unmasked," the facts embraced in which "are destined to create a deep sensation and to set properly before the public, a man who has obtained confidence and hon*ors under false pretences.*" Mr. Kierolf is a spicy writer and will, doubtless, produce an interesting book.—*Harrisburg Patriot.*

A MACHINE for harvesting corn, by taking the ears from the stalks while standing in the field, was exhibited at the recent State fair in Illinois. The apparatus is constructed to strip two rows at once. The stalks are taken between projecting metal-faced fingers, and as the machine advances, the butt of the ear is brought in contact with a short sickle playing at the rear of the fingers, cutting it off, while the stalk passes under the machine without being pulled up; the ears are received into a large hopper at the end of the machine, and discharged when it is full.

A MATCH was made on Friday night, between Frank Swift and James C. Mead, both of the New York Club, to skate for $2,000 and the championship of America. Last season Swift won the championship in a contest at Pittsburgh, Pa., winning a gold medal worth $400. As this medal was to be skated for each season, according to the conditions under which it was given, Mr. Mead challenged the present holder of it, and hence the match.

PHOTOGRAPHS by moonlight are attracting great attention in England. A photographer of Glasgow, it is stated, has, by using the light of the moon, succeeded in producing several landscapes and marine views, which are wonderfully faithful productions of the scenery represented. The pictures have been prepared for the stereoscope, and give an entirely different effect from that produced by sunlight views.

THE most sensible election bet yet recorded was that of a gentleman and lady in New Albany, Indiana. In case of Grant's election he agreed to marry her, and in case of Seymour's she was to marry him. At last accounts the parties were well satisfied with the manner in which the wager had been decided.

IN excavating for the foundation of the dome of the new State House at Springfield, Illinois, recently, the workmen struck a bed of coal 18 inches in thickness, at a depth of about 15 or 18 feet below the surface.

IT seems that Maine is a Mormon recruiting ground. A Philadelphia paper announces the arrival there of sixty-four converts from Maine, on their way to Utah, and remarks that the women of the party seemed delighted.

IN many parts of India the state of the crops is such as to cause great apprehension of a famine. The inhabitants were fleeing on all sides from Rajpootana, Marwar and Saypora. The accounts from Delhi and the Central Indian provinces were more hopeful.

Local Department.

TOWN, COUNTY AND SURROUNDING COUNTIES.

Greeting.—The compliments of the season—"a merry Christmas and a happy New Year"—to all our patrons.

Session Closed.—The first session of the present collegiate year of Pennsylvania College closed on Tuesday. The second will commence on the 7th of January.

Border Damages.—The "Damage Commissioners" give notice that all claims for damages must be filed with their clerk at Harrisburg before the 15th day of January. Claims will not be accepted after that date.

Calendar.—A large Calendar for 1869 will be found on our first page. Such as do not file the paper should cut the almanac out and tack or paste it up in some convenient place, for reference throughout the year. It will be found handy.

To School Boards.—Order Books, neatly printed, on good paper, and well bound, can be had at the COMPILER office, at very reasonable rates. Nothing could be more convenient, both in the matter of supplying blank orders and in the keeping of the accounts.

Lecture.—Rev. Dr. McCron, of Baltimore, will lecture in Agricultural Hall next Monday evening, at the invitation of the Masons. No charge for admission—and the public cordially invited. Dr. McCron has a high reputation as a lecturer, and will no doubt be greeted by a full house.

Elections will be held—by the Gettysburg National Bank, Tuesday, January 12; First National Bank of Gettysburg, same day; Mummasburg Fire Insurance Company, Monday, January 11; Adams County Agricultural Society, Monday, January 4; Gettysburg Railroad Company, Monday, January 11.

New Year's Address.—Our Carrier will present his "annual message" to his friends and the public on Friday morning next. He says he is certain (and wants us to give the assurance in the COMPILER) that it will be the "richest and raciest" he has ever had the honor to present. He expects a rush for it, with a corresponding improvement in his financial condition.

A Christmas Tree.—The presentation of gifts to the Reformed Sunday School, with appropriate exercises, will take place in the church this (Friday) evening. A lofty Christmas tree, very tastefully adorned, we are told, will constitute one of the features of the occasion. The public are invited. No charge for admission, but a collection will be taken for the benefit of the library. Exercises to commence at 6 o'clock, and continue about one hour.

We understand that the Sunday School of St. James Lutheran Church will also have Christmas services this (Friday) evening.

Farmers' Meeting.—The farmers of the county should not fail to attend the meeting in Agricultural Hall tomorrow (Saturday.) It is called in their interest, and ought to result, from an expression and comparison of the views of those present, in the advancement of their great calling. We do not believe that there is a county in the State in which the agricultural community is more generally well informed than in this; and so believing, we look for an interesting and profitable meeting to morrow.

Everything will depend upon a good start. If this is had, the "Farmers' Meetings" will become one of *the* "institutions" of our county.

Donation Visit.—The members of Rev. W. R. H. Deatrich's congrega*tion, (Reformed,)* made him a "donation visit" on Wednesday evening. About half-past seven a long line of ladies and gentlemen, bearing well-filled baskets, filed into his domicile, and at once commenced "stacking" upon his tables a tempting variety of edibles, embracing all the luxuries and substantials of the season. The warm-hearted pastor and wife were, of course, very grateful for this manifestation of regard and good will, and so expressed themselves.

But the "exercises" did not end here. A large and comfortable shawl was handed the pastor, followed by the presentation to Mrs. Deatrich of a splendid parlor carpet, another for the hall, and still another for the stairway. The grateful recipients were overwhelmed. This succession of "surprises" was too much for hearts already overflowing. At length the pastor found words, and gave expression to their thankfulness in terms as warm and touching as donors ever listened to. It was, altogether, a happy scene, and those present were "all the better for it."

The "Contest."—The literary contest between the Phrenakosmian and Philomathaean — or Philomathaean and Phrenakosmian — Societies of Pennsylvania College, drew to Agricultural Hall a full house on Tuesday evening. The programme for the occasion (arranged, we were told, after no little skirmishing) was as follows:

Select Orations—"Bernardo Del Carpio," by Samuel Swope, Philo., of Gettysburg; "The Baron's last Banquet," John Gilbert, Jr., Phrena., Gettysburg.

Original Orations—"Ideals," J. A. Himes, Philo., McAllisterville, Pa.; "The War in Heaven", J. M. Reimensnyder, Phrena., Sunbury, Pa.

Debate—"Is a Republican form of Government necessarily better than a Limited Monarchy?" Affirmative, S. P. Felton, Philo., Bedford, Pa.; Negative, W. A. List, Phrena., Wheeling, W. Va.

These representatives of the two Societies acquitted themselves very creditably in every particular—the whole constituting one of the most enjoyable College performances we have listened to for a long while. There was a life and spirit about it only to be witnessed, it seems, in a "contest."

The music, by the College Quartette, was first-rate. More of it will always please a Gettysburg audience.

Now that "contests" have again been inaugurated, let them come at least once a year. Anything less than *that would be a positive disappoint*ment to our people.

Concerts.—We are requested to state that Grand Vocal and Instrumental Concerts will be given by the Literary Society of Arendtsville, in the School House in that place, on Friday and Saturday evenings, January 1st and 2d. Tickets—adults 15 cents, children 10 cents; proceeds to be expended in the purchase of maps, &c., for the School. The Society has been preparing for some time, and expects to give capital entertainments. Full houses are looked for. 2t

Inauguration of President Valentine.—Rev. Dr. Valentine was formally inaugurated as President of Pennsylvania College on Monday evening. The ceremony took place in the College Church, in the presence of a large audience of ladies and gentlemen.

Constitutional Differences. — There are many constitutions so inherently defective in energy as to derive great benefit from a moderate use of pure liquor combined with such vegetable medicines and extracts as enter into the composition of Roback's Stomach Bitters, and there are many situations in which even the healthiest derive additional security from their occasional use.

He is the only physician who has used it in his own person, or who has any knowledge of its virtues, and he can ascribe the degree of health he now enjoys to nothing but the use of his medicine; and *nothing but utter despair and entire* exhaustion of all hope of recovery, together with a want of confidence in all others, induced him to hazard the experiment. Communicated.

Died, at the Soldiers' Orphans' School, White Hall, Cumberland county, Pa., Dec. 14th, Mrs. MALISSA C. BRUHL, daughter of Elder and Susan Wright, aged 18 years 2 months and 9 days.

The remains of this most estimable young lady were brought home, and interred in Christ Reformed Church, located near Littlestown, Pa.

The occasion was improved by her pastor, Rev. John M. Clemens, who preached an earnest sermon based on the words, "So teach us to number our days, that we may apply our hearts unto wisdom." Ps. 90, 12.

The following resolutions, forwarded by her teachers, give additional expression of the deceased's worthy character:

Whereas, in the Providence of God, Alberta Virginia Wright has been removed from among us by death, thus causing our hearts to feel sad; and while we sorrow with her bereaved friends, we are happy to say that whilst with us her deportment was such as to secure the love and respect of all.

As a pupil she was active, attentive and diligent, seeking good progress in her studies.

As a comrade she was kind, affectionate and obliging. As a youthful Christian, although timid and reserved, she gave most pleasing evidence that she was being prepared for a home in Heaven, where we most earnestly hope to meet her.

A WORD TO THE WISE!

HIGHLY IMPORTANT

TO FARMERS!

GENTLEMEN, I have, after long study and a series of experiments, found that the soil of our county requires something quick, active and durable; and bearing of

F. C. RENNER'S

Chemical Fertilizer,

and it having been thoroughly tried by different farmers in the county, and found to surpass all others on all kinds of soil, and being much cheaper, I have purchased the Right for Adams county, and am prepared to FURNISH THE FERTILIZER in any quantity. I will deliver to any town or village in the county, any amount over a ton.

RENNER'S CHEMICAL FERTILIZER

cannot be surpassed for its wonderful effects on all kinds of Grain, and at the same time it is one of the cheapest now in use or in market. I manufacture it for sale at $50 per ton without bags, or $55 in bags. This Fertilizer is composed of the best fertilizing chemicals that can be had. It is entirely free of lime, and does not contain any ammonia, therefore I do not use it. Neither do I use lime nor ashes.

The Object of the Chemical Fertilizer

is to introduce a fertilizer that will last for a series of crops, and therefore invite farmers and the public generally to give it a trial on all kinds of Grains and Vegetables.

CAUTION.

I hereby give notice that Farm Rights hereafter sold, unless signed by me, are infringements on my Right, and will be prosecuted and dealt with according to law, from which there is no appeal.

All orders filled promptly. Address

BOTS IN HORSES AGAIN.

...I see in the last number of the ...Homestead, an article copied from the ...orrespondence of the New England ...Farmer, taking the ground that the ...ots in horses are very injurious to the ...orse, causing death. But the writer ...s entirely mistaken in his conclusions ...f the subject.

From many investigations into the ...ubject, and from the testimony of ...Quatt, Spooner, Stewart, Dadd, and ...thers, I am perfectly satisfied that ...he bots never turn upon the stomach ...until it is so diseased that death is cer...tain.

The stomach of the horse is the ...loosen home of the bots, and why ...should they try to make a way out of ...it until the appointed time? He ...does not feed upon the stomach, but ...upon the chyme, and only turns upon ...the stomach to escape death. Nine ...out of ten of the horses whose stom...achs we have examined, have contain... bots. Some of these horses had ...been killed by accident, while in per...fect health. We have found the bots ...eating through the stomachs of those ...horses, within three or four hours after death, although they were perfect... well till the moment of death. ...The evidence to me is conclusive, that ...they in no way injure the stomach ...until death.

A valuable essay, by Geo. H. Dadd, ...M. D., on this subject, has recently ap...peared in the *American Farmer*, and ...both he and Dr. Stewart are author...ity in this country, their evidence is ...entitled to great weight.

I wish it might put an end to the ...present system of "doctoring (killing?) ...horses for the bots." There are hun...dreds of valuable horses killed by the ...awful drugging they get to kill the ...bots, which can't be killed by any...thing you can put in his stomach.

Mayhew records an instance in ...which a portion of the stomach, cover...ed with bots, was corked in spirits of ...wine for two years, without killing ...them. Bracy Clark, an English vet...erinarian, to whom Mayhew says "the ...public owe all their knowledge of the ...bots fly," claims that "the bot is ...harmless if not beneficial."—*C. W. D., Philadelphia, in the Homestead.*

FRIED POTATOES.—How few cooks ...know how to fry potatoes! There is ...nothing so easy to get, and yet so pal...atable for breakfast, with a thick, ten...der beefsteak or a mutton-chop fizzing ...from the gridiron. To fry raw pota...toes properly, they should be pared, ...cut lengthwise into slices, an eighth of ...an inch in thickness, dropped into a ...pan over the fire containing hot beef ...drippings, turned frequently, nicely ...browned all over, but never burned. ...The addition of a little salt and pepper ...while in the pan, and a little flour ...dredged over them, is an improvement.

To relieve from the terrible effect of ...running a nail in the foot of man or ...horse, take peach leaves, bruise them, ...apply to the wound, confine with ban...dage, and the cure is as if by magic. ...Renew the application twice a day, if ...necessary, but one application gener...ally does the work. Both man and ...horse have, in a few hours, when ...apparently on the point of having the ...lockjaw, been cured.

RHUBARB should be transplanted ...every two or three years, or the stalks ...produced will be quite small. The ...work may be done at almost any sea...son of the year, for it will bear almost ...any kind of treatment. It is better to ...do the work in the spring, before the ...plants have started much; but if not, ...then any time until the first of June.

A POULTICE of onions, applied morn...ing, noon and night, will cure a felon. ...No matter how bad the case, lancing ...the finger will be unnecessary if this ...poultice be used. The remedy is a ...sure, safe and speedy one. So says one ...who has tried it.

WOMEN, of course, have longer and ...finer hair than men, but men destroy ...their hair by making ovens of their ...heads under their hats, and thus heat ...the top of their craniums until the hair ...dies out for very want of [illegible]. ...should either take off their hats [illegible] ...or ventilate them better.

MR. POLLARD, in an article on ...Stonewall Jackson, states that he once ...recommended a night attack to be ...made by the assailants stripped naked ...and armed with bowie knives, sug...gesting that the novelty and terror of ...such an apparition would paralize the ...enemy.

A GENTLEMAN who spoke of having ...been struck by a lady's beauty, was ...advised to kiss the rod.

COE'S COUGH BALSAM.

THIS long tried and popular Remedy is again called to the attention of the public. As often as the year rolls around, the proprietors annually make their bow to the people, and remind them that amongst the many things required for the health, comfort and sustenance of the family through the long and tedious months of winter, Coe's Cough Balsam should not be forgotten. For years it has been a household medicine—and mothers anxious for the safety of their children, and who suffer from any disease of the throat, chest and lungs, cannot afford to be without it. In addition to the ordinary fear once so long in the market, we now furnish our mammoth family size bottles, which will, in common with the other size, be found at all Drug Stores.

FOR CROUP,

The Balsam will be found invaluable, and may always be relied upon in the most extreme cases.

WHOOPING COUGH.

The testimony of all who have used it for this terrible disease during the last ten years is, that it invariably relieves and cures it.

SORE THROAT.

Keep your throat wet with the Balsam—taking little and often—and you will very soon find relief.

HARD COLDS AND COUGHS

Yield at once to a steady use of this great remedy. It will succeed in giving relief where all other remedies have failed.

SORENESS OF THE THROAT, CHEST AND LUNGS.

Do not delay procuring and immediately taking Coe's Cough Balsam, when troubled with any of the above named difficulties. They are all premonitory symptoms of Consumption, and if not arrested, will sooner or later sweep you away into the valley of shadows from which none can ever return.

In Consumption

Many a care-worn sufferer has found relief and to-day rejoices that her life has been made easy and prolonged by the use of Coe's Cough Balsam.

In short,

The people know the article, and it needs no comment from us. It is for sale by every Druggist and Dealer in Medicines in the United States.

McGUIRE'S

SPANISH HAIR DRESSER,

FOR Promoting the Growth, Beautifying the Hair, and rendering it dark and glossy. No other compound possesses the peculiar properties which so exactly suit the various conditions of the human hair. The use of this oil as a hair dresser has been universal in every section of the country in the Spanish Main for centuries. No preparation of art could give that elegant luxuriance and abundance of hair which has so often been the admiration of travelers in Spain. This oil is highly and delicately perfumed, forming an article unrivalled in excellence and upon which the Spanish people for many years have set its seal of enduring approval.

McGUIRE'S

Mexican Wild Flowers Shampoo Lotion,

For removing dandruff and scurf from the head, and restoring the hair to a healthy state. This article is entirely different from anything of the kind ever offered in this country, and is warranted free from all poisonous substances. This valuable lotion was used by the Emperor Maximilian, and Empress Carlotta, of Mexico, and universally used by Mexicans for three hundred years. As a wash for the head—it is cooling, cleansing, and refreshing. When thus used it at once relieves headache.

McGUIRE'S

Wild Flowers for the Teeth.

All those who are in favor of white teeth and a pleasant and perfumed breath, should at once use McGuire's Wild Flowers for the Teeth. All three preparations are put up in the most elegant and ornamental manner. We make no exception in saying that they are an ornament to a lady's toilet table, and none complete without them.

Warranted satisfactory or money refunded. Dealers will bear this in mind. Sold by respectable Druggists in the United States and Canadas. Address orders to

AYER'S

HAIR VIGOR,

For the Renovation of the Hair.

THE GREAT DESIDERATUM OF THE AGE.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color and the gloss and freshness of youth.* Thin hair is thickened, falling hair checked and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts longer on the hair, giving it a rich glossy lustre and a grateful perfume.
